

Instruction for application

Manual applicator EASY WORK

- Compact, lightweight and easy to use around tight spaces and corners.
- **Only 9.3 cm** long - a mere **sixth** of the length of a traditional gun.
- Use with any type of cartridge.
- Auto dripless feature prevents leaking and controls flow.

TO BOLDLY GO WHERE NO OTHER GUN HAS GONE BEFORE

◀ Pull and hold the clutch (A). Insert the cartridge (B). Release clutch.

◀ Press the trigger to squeeze material out of the cartridge until cartridge is consumed.

◀ Repeat step 1 and remove the cartridge.

WARNING: Knife inside the gun, do never put your finger inside it !!!
